TECHNICAL SKILLS

Programming Languages

- **PHP 5.x, NodeJs, Python** and **C/C++**.

Web Development Frameworks

- PHP: **Laravel** [Excellent], **Codeigniter** [Excellent], **Zend Framework 1 / 2**[Good] and **symphony 2.x** [Good].
- Python: **Flask** [Good]
- NodeJs: **ExpressJS** [Very Good] and **MeteorJS** [Good]

Databases

- RDMS: **Mysql/MariaDB** [Very good], **Sqllite** [Good] and **PostgreSQL** [Fair]
- Document-oriented database(NoSQL): **Mongodb** [Very Good], **CouchDB** [Fair]

Development Stacks

- **LAMP** [Very Good], **LEMP** [Very Good] and **MEAN** Stack [Very Good].

Caching

- APC, XCache, Memcached/Memcache and Redis.

JavaScript Frameworks

- **Jquery** [Very Good], **AngularJS** [Very Good] (SPA).

Cloud Computing

- **Amazon** (AWS, EC2 and S3), **DigitalOcean**, **openshift** and familiar with **Rackspace** cloud infrastructure.

Front-end

- HTML, HTML5, JAVASCRIPT, CSS and CSS3.

Source Control

- Git and SVN

Tasks automation

• GulpJs , GruntJs

EDUCATION

2006

B.E. Computer Science, *Irbid National University*
